BILL No. & INTRODUCER

RELATING TO:

Senate Bill 95 Senator Peterson

Administrative Procedures Act

- I. SUMMARY Amends 120.55 (1) (b) & (2), F.S., to require the state agencies to state their rulemaking authority for each rule. Also to require the Department of State to print the same in the Administrative Code

- II. ANALYSIS The amendments would show where the agencies derive their specific rulemaking authority for each rule. This would help clarify an agencies authority for promulgating specific rules.

- III. TECHNICAL ERRORS None

- IV. COMMENTS The general authority and law implemented cites are now printed in the Florida Administrative Code. It would be desirable to also have the specific rulemaking authority printed.
