Re: Public Service Commission Rule 25-6.0343

Dear Mr. Harris:

Thank you for your letter and attachment, dated October 11, 2006. I have reviewed the changed rule and prepared the following comments for your consideration and reply. The following comments replace those pertaining to rule 25-6.0343 in my letter dated September 19, 2006. The remainder of the remarks in that letter are still effective.

25-6.0343(3)(a)

Please send me a copy of the 2007 NESC. The document should be incorporated by reference when the rule is filed for adoption. The proposed language also provides that "the edition of the NESC in effect at the time of the facility's initial construction" shall govern electrical facilities constructed prior to February 1, 2007. Please identify the rule[s] which incorporates the various documents by reference.

The National Electrical Safety Code dated 2002 can be picked up at your convenience.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Rosner".

Chief Attorney
