Tallahassee, Florida 32399-1300

Re: DBPR: Board of Professional Engineers
Rule 61G15-35.001, .002

Dear Mr. Moore:

Pursuant to our conversation, this letter is in response to your question regarding the above repeals and their effect on the mandatory rulemaking provision in Section 471.015(7), Florida Statutes. As per our discussion, these repeals relate to rules that are a substantial restatement of statute, and do not relate to the rule establishing requirements for certification of licensees as special inspectors.

As such, we wish to go forward with the adoption of the repeals of the above referenced rules. Thank you for your assistance in this matter. Please feel free to contact me if you have any questions or comments.

Sincerely,

Michael T. Flury
Assistant Attorney General
Counsel to the Board of Professional Engineers
