Re: Proposed Amendments to Rules 62-699.200, .310 and .311, F.A.C.

Dear Ms. Bush:

I have completed my initial review of the above-referenced rule package, which was advertised in the Florida Administrative Register on October 20, 2012. The following comments are for your consideration and response:

- 62-699.200(14)(a)** Use of the undefined phrase "finished water" forces the reader to guess at the meaning of the phrase and, therefore, the meaning of the rule, rendering this rule impermissibly vague.
- 62-699.200(15)(a)** See comment above.
- 62-699.200(15)(b)** See comment above.

These comments have been provided for your consideration and response. Final notice of any substantive change must be noticed in the FAR and filed with this Committee no later than 21 days prior to the date these rules are filed for adoption. Notices of technical change or no change must be submitted to this Committee no later than 7 days prior to adoption. Therefore, if you could provide me with a response within two to three weeks of the date of this letter in the form of corrections, explanations, or additional authority it will help us to meet these deadlines.

Sincerely,

A handwritten signature in blue ink that reads "Suzanne G. Printy".
