The Joint Administrative Procedures Committee is a standing committee of the Legislature created by Joint Rule Four of the Florida Legislature. The committee is composed of eleven members, five from the Senate, appointed by the President of the Senate, and six from the House of Representatives, appointed by the Speaker of the House. The Chair of the committee is designated by the President of the Senate in odd-numbered years and by the Speaker of the House in even-numbered years. The committee staff is headed by a Coordinator, and includes reviewing attorneys and administrative support staff.

The committee is required to report annually to the Speaker and President. This report is provided at the start of the regular session and covers the preceding calendar year. It contains statistical information regarding rulemaking in the various state agencies as well as summaries of all objections voted by the committee during the preceding year. The committee voted no formal objections in 2021.

The committee maintains a continuous review of the statutory authority upon which each administrative rule is based and notifies the agency if its authority is eliminated or significantly changed by repeal, amendment, or decision of a court of last resort. Following each session of the Legislature, the committee reviews each law signed by the Governor or allowed to become law without his signature and determines whether the law will have a probable effect on an agency’s rules. If so, the affected agency is notified.

If the reviewing attorneys have concerns that a proposed or existing rule may not be authorized or exceeds the delegated rulemaking authority, the agency is contacted. Often the agency agrees that there is no authority for the rule and withdraws or amends the rule to meet the staff concerns. If there is disagreement about whether or not there is authority for the rule, the rule is scheduled for consideration by the full committee. The agency may appear before the committee and present argument and evidence in support of its rule. If, after hearing the agency’s argument, the committee does not find statutory authority for the rule, an objection is voted and the agency has a period defined by statute in which to respond. If the agency refuses to modify or withdraw a rule to which the committee has objected, public notice of the objection is given and a notation accompanies the rule when it is published in the Florida Administrative Code.

In the event that an agency fails to initiate administrative action to meet an objection voted by the committee, the committee is authorized to submit to the President of the Senate and Speaker of the House a recommendation that legislation be introduced to modify or suspend the adoption of a proposed rule, or amend or repeal an existing rule. If the committee
votes to recommend the introduction of legislation, the committee is required to notify the agency of its action, and may request that the agency temporarily suspend the rule or suspend the adoption of a proposed rule, pending consideration of proposed legislation during the next regular session of the Legislature. The agency must respond to the committee within a specified time either by temporarily suspending the rule or suspending the adoption of a proposed rule, or by notifying the committee that it refuses to suspend the rule or rule adoption. The committee is required to prepare bills to modify or suspend the adoption of a proposed rule, or to amend or repeal an existing rule, in accordance with rules of the Senate and the House of Representatives for introduction in the next regular legislative session. The proposed bill is then presented to the Senate President and Speaker of the House along with the committee recommendation.

**The committee constantly monitors judicial decisions in administrative law and advises the agency when either its statutory rulemaking authority or its rules are affected by these decisions.**

The committee has a duty to recommend needed changes in the Administrative Procedure Act (APA) to the Legislature. These recommendations may be based upon its review of judicial decisions as well as its daily interaction with executive agencies and with citizens as they participate in the administrative procedures of the state. The committee made recommendations relating to the APA in 2021 to the President of the Senate and the Speaker of the House of Representatives that are included in this report.

**Joint Rule 4.6** directs the committee to undertake and maintain a systematic and continuous review of the Florida Statutes that authorize agencies to adopt rules, and to make recommendations to the appropriate standing committees of the Senate and the House of Representatives as to the advisability of considering changes to the delegated legislative authority to adopt rules in specific circumstances. Areas of concern brought to the attention of standing committees during the past year are detailed in this report.

The committee has long had standing to seek judicial review of the validity of any rule to which it has objected and which has not been modified or repealed to meet the objection. To date, the committee has never found it necessary to exercise this power. Before judicial review, the committee must first notify the head of the agency involved and the Governor and provide an opportunity for consultation with the committee. If the issue cannot be resolved in this manner, the committee may bring an action in the appropriate court asking that the rule be declared invalid.

**Thus, the committee performs services for the Legislature, the administrative agencies of the state and the people whom they regulate.**

Legislative Report:

2021 Session

Changes in

Chapter 120, F.S.
2021 Summary of Amendments to Chapter 120, F.S.

Chapter 2021-17, Laws of Florida, amends section 120.81(1)(d)1., F.S., to require educational units to publish notices in a newspaper “qualified under chapter 50” in the affected area.

Effective Date: January 1, 2022

Chapter 2021-191, Laws of Florida, creates section 120.80(13)(g), F.S., which exempts rules adopted by the Florida Public Service Commission pursuant to sections 366.04(8) and 366.97, F.S., from the requirements of section 120.541, F.S.

Effective Date: June 29, 2021
Staff Correspondence with Standing Committees
The following was brought to the attention of standing committees, pursuant to Joint Rule 4.6, in 2021:

**Sec. 196.081(4), F.S.** On February 19, 2020, the Second District Court of Appeal held that section 196.081(4), F.S., was invalid and unenforceable. *Dept. of Revenue v. Bell*, So. 3d 1060 (Fla. 2nd DCA 2020). This statutory provision requires a veteran to have been a permanent resident of the state as of January 1 of the year in which the veteran dies for his or her surviving spouse to be eligible for a tax exemption. The Court held that the residency condition conflicted with article VII, section (6)(f), of the Florida Constitution, as it limited the class of individuals eligible for the exemption under the plain language of the constitution. The Legislature may wish to amend this provision’s language for consistency with the opinion.
Recommended Legislation
(2021 Session)
REPROMULATION OF EXISTING RULES

Recommendation 1: Repromulgation/re-adoption of existing rules

Section 120.545, Florida Statutes, and Joint Rule 4.6 of the Florida Legislature authorize the Committee to review existing rules to ensure, in part, that the rule is not an invalid exercise of delegated legislative authority, and that the rule’s statutory authority and laws implemented have not been repealed or otherwise amended. The Committee does not review the rules for consistency with agency policies, procedures or guidelines.

Section 120.74(1)(d)2., Florida Statutes, requires that, with the filing of the agency’s annual regulatory plan, the agency head and legal counsel, “Verify that the agency regularly reviews all of its rules and identify the period during which all rules have most recently been reviewed to determine if the rules remain consistent with the agency’s rulemaking authority and the laws implemented.” There is no requirement, however, that the agency take any affirmative action to resolve any discrepancies that may be noted. The agency’s review of existing rules that do not require any changes is not reflected in the history notes of the rules published in the Florida Administrative Code. As of December 16, 2020, a total of 16,597 numbered rules were published in the Florida Administrative Code, with the rule history notes indicating that 26% were either adopted or last amended prior to 2000. The resulting perception is that many rules have not been reviewed by an agency in over 20 years.

The recommended legislation creates section 120.5435, Florida Statutes. The purpose of the amendment is to give greater structure to the review of existing rules by requiring existing rules to be “repromulgated” or re-adopted as they are reviewed, a procedure currently recognized but not formalized by rule by the Department of State, with the date of repromulgation noted in the rule history notes. The proposed procedure would place the public on notice that rules have actually been reviewed to be consistent with both statutory requirements and agency policy. The recommendation does not require the full republication of the rule in the Florida Administrative Register or open the rule to an administrative challenge. A more formalized review process is consistent with the directive issued by Governor DeSantis to agencies under the supervision of the Governor to review all rules on a 5-year basis.

The 5-year review schedule is also consistent with the provisions of section 11.242(5)(j), Florida Statutes, which provides:

All statutes and laws, or parts thereof, which grant duplicative, redundant, or unused rulemaking authority, shall be omitted through the process of reviser’s bills duly enacted by the Legislature. Rulemaking authority shall be deemed to be unused if the provision has been in effect for more than 5 years and no rule has been promulgated in reliance thereon.

Under this procedure, a “rule” is considered to be a numbered section of the Florida Administrative Code. All forms and material incorporated by reference that meet the statutory definition of a
“rule” under section 120.52(16), Florida Statutes, but are not assigned a “rule number” by the Department of State, will also be reviewed, as they are incorporated by reference into the rules being reviewed.

Recommendation 2: Require regulatory plans to include a plan for repromulgating rules

Section 120.74, Florida Statutes, requires that each agency prepare a regulatory plan by October 1 of each year. The amendment would require regulatory plans to identify rules scheduled to be repromulgated for the upcoming year, as well as to include a 5-year plan for the repromulgation of existing rules.

STATEMENT OF ESTIMATED REGULATORY COSTS

Recommendation 3: Require notice of filing regulatory alternatives with JAPC

Sections 120.54(3)(b) and 120.541(1)(a), Florida Statutes, provide for the submission of lower cost regulatory alternatives to agencies for consideration. The submission of a lower cost regulatory alternative results in a 21-day extension to the rulemaking procedure timeframe, and in some cases will require an agency to prepare a new or revised statement of estimated regulatory costs (SERC). Under the current procedures, there is no requirement that the Committee be provided with a copy of the regulatory alternative. The proposed amendment would require that a copy of any regulatory alternative be provided to the Committee by the agency, thereby enabling the Committee to keep an accurate record of the rulemaking timeframe.

TRANSPARENCY

Recommendation 4: Changes to material incorporated by reference

Rules are amended by means of a strike-through and underline process, similar to that used by the Legislature in drafting bills. However, the same coding is not required for amendments to incorporated manuals, guidelines, or forms. While substantive changes to a document incorporated by reference must be accomplished through the rulemaking procedure outlined in section 120.54, Florida Statutes, those amendments are not reflected by published, coded changes to the document itself; rather, a change in the effective date of the document is sufficient. The purpose of this proposed amendment is to require all documents created by an agency that meet the definition of a rule and that are incorporated by reference into a rule to have the same transparency in any proposed changes as a rule identified by a number assigned by the Department of State and be amended by strike-through and underlining.

Recommendation 5: Availability of material incorporated by reference

Currently, material incorporated by reference need not be made available via hyperlink at the time that the rule is proposed. As such, the public’s only notice of any changes to an incorporated document is often only a change to the document’s effective date in the notice of proposed rulemaking. In keeping with the added transparency for incorporated material, where permitted by federal copyright law, the proposed amendment would require the proposed rule text to include
hyperlinks to materials incorporated by reference to allow the public to review the material without having to request a hard copy of the material from the agency.

Section 120.54(1)(i)3., Florida Statutes, requires that materials incorporated by reference be made available via hyperlink where permitted by federal copyright law for all rules adopted after December 31, 2010. An estimated two-thirds of all rules were adopted or last amended prior to 2010. The proposed amendment would require that all rules adopted prior to 2010, when repromulgated, include hyperlinks to any materials incorporated by reference.

Recommendation 6: Publication requirements for the Florida Administrative Code

Section 120.55(1)(a)3., Florida Statutes, currently requires the Department of State to publish the address and telephone number of the executive offices of each agency that files copies of its rules with the Department of State, as well as the manner by which the agency indexes its rules, a listing of all rules of that agency excluded from publication in the code, and a statement as to where those rules may be inspected. This requirement is not being performed in a consistent manner, and it is not clear whether the Department of State or the agency bears the responsibility for the publication. Although the Department of State publishes the Florida Administrative Code, agencies are required “to publish” rules in the Florida Administrative Code. The purpose of the proposed amendment is to clarify the responsibility for publishing the material, and to place the responsibility on the agency, as the agency is in direct possession of the information.

The amendment would also require agencies to publish a list of all forms and material incorporated by reference used by the agency, and a statement as to where those forms and incorporated material may be inspected. Currently, there is no central filing requirement for the public to identify forms and incorporated material that meet the definition of a rule but the texts of which are not published in the Florida Administrative Code.

EMERGENCY RULES

Recommendation 7: Renewal of emergency rules

Section 120.54(4), Florida Statutes, allows an agency to renew an emergency rule where a challenge to the proposed rule addressing the subject of the emergency rule has been filed or where the proposed rule is awaiting ratification by the Legislature. Currently, chapter 120, Florida Statutes, does not prescribe the procedure for the renewal of emergency rules. The proposed amendment would require an agency to publish notice of the renewal of an emergency rule in the Florida Administrative Register prior to the expiration of the emergency rule.

Recommendation 8: Publication of emergency rules

Notice of the adoption of an emergency rule is published in the Florida Administrative Register along with the text of the rule. The emergency rule is not, however, published in the Florida Administrative Code. Therefore, unless an individual is aware of the publication of an emergency rule and the date of its publication, the rule is effectively hidden from the public. This practice is especially problematic for emergency rules that are the subject of litigation or are on appeal, have
been renewed by an agency, or have an effective period of more than 90 days. The proposed amendment would require the text of emergency rules to be published in the Florida Administrative Code.

**Recommendation 9: Changes to emergency rules**

Section 120.54(4), Florida Statutes, does not provide a procedure to amend an emergency rule, nor does it specifically prohibit amending an emergency rule. The proposed amendment recognizes that technical changes may be necessary, and would allow for technical changes to be made within the first seven days after the adoption of the emergency rule and preserves the 90-day integrity of the emergency rule. Additionally, the proposed amendment clarifies that an agency may make changes to an emergency rule by superseding the previous emergency rule, while maintaining the original 90-day timeframe of the rule.

**RULEMAKING PROCEDURES**

**Recommendation 10: Define the term “technical change”**

The proposed amendment provides a definition for the term “technical change.” A technical change to a proposed or existing rule does not require the publication of a notice in the Florida Administrative Register. The term is not defined in the Department of State’s rules, leading to inconsistent interpretation by agencies and interested parties.

**Recommendation 11: Documentation of technical changes**

The proposed amendment requires the Department of State to include the date of any technical changes in the rule’s history note. Currently, since technical changes are not substantive in nature, there is no requirement that they be formally documented in the rule history. The amendment would allow for a more complete record of any rule changes.

**Recommendation 12: Publication of a notice of correction**

The subject of what may be addressed in a notice of correction and the effect of the publication of a notice of correction has long been the subject of litigation and confusion. The proposed amendment is intended to add clarity and certainty to agencies and the affected public as to the distinction between a notice of correction and a notice of change under section 120.54(3)(d), Florida Statutes.

**Recommendation 13: Publication of a notice of proposed rule**

Section 120.54, Florida Statutes, sets forth the requirements for publishing a notice of rule development and a notice of proposed rule. Prior to converting the Florida Administrative Register from a weekly (Florida Administrative Weekly) to a daily publication, the timeframe between the publication of the notice of rule development and the notice of proposed rule was at least one week. There is currently no minimum time period required between publication dates, and agencies often publish a notice of proposed rule the day after publication of the notice of rule development,
effectively rendering the purpose of the notice of rule development meaningless. The proposed amendment would reestablish the timeframe originally set with the weekly publication requirements, and establish a seven-day minimum period between the publication of a notice of rule development and the notice of proposed rule.

**Recommendation 14: Streamline the petition to initiate rulemaking procedure**

Section 120.54(7), Florida Statutes, provides that if an agency, in response to a petition to initiate rulemaking, does not initiate rulemaking, it shall file a copy of its statement of the reasons for not doing so with the Committee, which is then responsible for forwarding a copy of the statement to the substantive committee with primary oversight jurisdiction of the agency in the House and in the Senate. Either the Committee or the substantive committee having primary oversight may hold a hearing directed at the statement of the agency. The proposed amendment would remove the Committee as middleman and require an agency to file a copy of its statement of reasons for not initiating rulemaking directly with the appropriate substantive committees.

**Recommendation 15: Notice of withdrawal of rules**

Section 120.54, Florida Statutes, requires that agencies file a notice of withdrawal if a rule has not been adopted within the time limits imposed by statute or has not been adopted in compliance with all statutory rulemaking requirements. This requirement is not always followed, leaving the status of proposed rules in limbo. The proposed amendment would allow the Department of State to withdraw the expired proposed rule upon notification by the Committee.

**MANDATORY RULEMAKING**

**Recommendation 16: Require mandatory rulemaking to be completed within 180 days**

Prior to 2015, section 120.54, Florida Statutes, directed agencies to notice proposed rules within 180 days after the effective date of an act requiring mandatory rulemaking. The provision was removed with the enactment of section 120.74, Florida Statutes, which requires agencies to file annual regulatory plans outlining proposed rulemaking for the coming year, and allows agencies to unilaterally grant extensions to any rulemaking plans/notices. Adding the 180-day rulemaking requirement back to section 120.54, Florida Statutes, will give the Committee greater oversight authority to ensure that agencies adopt rules mandated by the Legislature in a timely manner.

**JAPC REVIEW**

**Recommendation 17: Amend the JAPC review process**

The current process set forth in section 120.545, Florida Statutes, allows an agency to toll the 90-day timeframe for adopting a rule if it is advised that the Committee is considering an objection. The tolling allows the agency and Committee staff additional time to consider any outstanding issues. The proposed amendment would allow the Committee to toll the 90-day timeframe to allow additional time for the Committee to review incorporated documents or address statutory language, when an objection may not be imminent.
REGULATORY PLANS

Recommendation 18: Amend section 11.242(5)(j), Florida Statutes

Section 11.242(5)(j), Florida Statutes, provides:

All statutes and laws, or parts thereof, which grant duplicative, redundant, or unused rulemaking authority, shall be omitted through the process of reviser’s bills duly enacted by the Legislature. Rulemaking authority shall be deemed to be unused if the provision has been in effect for more than 5 years and no rule has been promulgated in reliance thereon.

Currently, the statute is silent as to what entity is responsible for notifying the Division of Law Revision which statutes should be included in the reviser’s bills. The amendment would place this responsibility on each agency. This proposal is consistent with the Governor’s November 11, 2019, directive which states: “By September 1, 2020, each agency shall conduct a thorough review of all current rules and regulations and report to OFARR any rules or regulations that are barriers to entry for private business competition, duplicative, outdated, obsolete, overly burdensome, or impose excessive cost.”
A bill to be entitled

Department of State to adopt rules to implement this
section; amending s. 120.55; requiring that the Florida
Administrative Code contain a complete index of all
incorporated material contained in the code; requiring that each agency publish a listing of all forms and matter incorporated by reference used by the agency, and a statement as to where those forms and incorporated material may be inspected; requiring that, after December 31, 2021, any material incorporated by reference in adopted and repromulgated rules be filed in the manner prescribed by s. 120.54(1)(i)3.a. or s. 120.54(1)(i)3.b.; requiring the Department of State to publish the date of any technical changes to a rule; providing that a technical change to a rule does not change the effective date of the rule; providing that a technical change made after the adoption of a rule must be published as a notice of correction; requiring the Department of State to require, by rule, that documents created by an agency proposed to be incorporated by reference be coded in the same manner as the notices published pursuant to s. 120.54(3)(a)1.; amending s. 120.74, F.S.; requiring agency regulatory plans to include a list of rules scheduled for repromulgation; requiring agency regulatory plans to include a 5-year schedule for the review and repromulgation of rules; requiring that each agency provide the committee and the Division of Law Revision a list of all statutes and laws, or parts thereof, which grant duplicative, redundant, or unused rulemaking authority, as defined in s. 11.242(5)(j), and a recommendation as to what statutes, laws, or parts thereof, should be repealed.

Be It Enacted by the Legislature of the State of Florida:

Section 1: Subsections 120.52(23) and (24) are created to read:
(23) “Repromulgate” or “repromulgation” means the notice and adoption of an existing rule following an agency’s review of the rule for consistency with the powers and duties granted by its enabling statutes.

(24) “Technical change” means a change limited to correcting grammatical, typographical, and like errors not affecting the substance of the rule. A technical change also includes a correction to the rulemaking notice.

Section 2: Subsections 120.54(1), (3), (4), and (7), F.S., are amended to read:

120.54 Rulemaking.—

(1) GENERAL PROVISIONS APPLICABLE TO ALL RULES OTHER THAN EMERGENCY RULES.—

(a) No change.

(b) Notwithstanding any other provision of law, whenever an act of the Legislature is enacted which requires implementation of the act by rules of an agency within the executive branch of state government, such rules shall be drafted and formally proposed in accordance with this section within 180 days after the effective date of the act, unless the act provides otherwise as provided in this section within the times provided in s. 120.74(4) and (5).

(c) through (h) No change.

(i) 1. A rule may incorporate material by reference but only as the material exists on the date the rule is adopted. For purposes of the rule, changes in the material are not effective unless the rule is amended to incorporate the changes.

2. An agency rule that incorporates by specific reference another rule of that agency automatically incorporates subsequent amendments to the referenced rule unless a contrary intent is clearly indicated in the referencing rule. A notice of amendments to a rule that has been incorporated by specific
reference in other rules of that agency must explain the effect of those amendments on the referencing rules.

3. In rules adopted after December 31, 2010, and rules repromulgated after December 31, 2021, material may not be incorporated by reference unless:

a. The material has been submitted in the prescribed electronic format to the Department of State and the full text of the material can be made available for free public access through an electronic hyperlink from the rule making the reference in the Florida Administrative Code; or

b. The agency has determined that posting the material on the Internet for purposes of public examination and inspection would constitute a violation of federal copyright law, in which case a statement to that effect, along with the address of locations at the Department of State and the agency at which the material is available for public inspection and examination, must be included in the notice required by subparagraph (3)(a)1.

4. A rule may not be amended by reference only. Amendments must set out the amended rule in full in the same manner as required by the State Constitution for laws.

5. Notwithstanding any contrary provision in this section, when an adopted rule of the Department of Environmental Protection or a water management district is incorporated by reference in the other agency’s rule to implement a provision of part IV of chapter 373, subsequent amendments to the rule are not effective as to the incorporating rule unless the agency incorporating by reference notifies the committee and the Department of State of its intent to adopt the subsequent amendment, publishes notice of such intent in the Florida Administrative Register, and files with the Department of State a copy of the amended rule incorporated by reference. Changes in the rule incorporated by reference are effective as to the other
agency 20 days after the date of the published notice and filing with the Department of State. The Department of State shall amend the history note of the incorporating rule to show the effective date of such change. Any substantially affected person may, within 14 days after the date of publication of the notice of intent in the Florida Administrative Register, file an objection to rulemaking with the agency. The objection shall specify the portions of the rule incorporated by reference to which the person objects and the reasons for the objection. The agency shall not have the authority under this subparagraph to adopt those portions of the rule specified in such objection. The agency shall publish notice of the objection and of its action in response in the next available issue of the Florida Administrative Register.

6. The Department of State may adopt by rule requirements for incorporating materials pursuant to this paragraph.

(j) and (k) No change.

(2) No change.

(3) ADOPTION PROCEDURES.—

(a) Notices.—

1. Prior to the adoption, amendment, or repeal of any rule other than an emergency rule, an agency, upon approval of the agency head, shall give notice of its intended action, setting forth a short, plain explanation of the purpose and effect of the proposed action; the rule number and full text of the proposed rule or amendment and a summary thereof; a reference to the grant of rulemaking authority pursuant to which the rule is adopted; and a reference to the section or subsection of the Florida Statutes or the Laws of Florida being implemented or interpreted. The notice must include a summary of the agency’s statement of the estimated regulatory costs, if one has been prepared, based on the factors set forth in s. 120.541(2); a
statement that any person who wishes to provide the agency with
information regarding the statement of estimated regulatory
costs, or to provide a proposal for a lower cost regulatory
alternative as provided by s. 120.541(1), must do so in writing
within 21 days after publication of the notice; and a statement
as to whether, based on the statement of the estimated
regulatory costs or other information expressly relied upon and
described by the agency if no statement of regulatory costs is
required, the proposed rule is expected to require legislative
ratification pursuant to s. 120.541(3). The notice must state
the procedure for requesting a public hearing on the proposed
rule. Except when the intended action is the repeal of a rule,
the notice must include a reference both to the date on which
and to the place where the notice of rule development that is
required by subsection (2) appeared.

2. The notice shall be published in the Florida Administrative
Register not less than 7 days after the publication of the
notice of rule development and not less than 28 days prior to
the intended action. The proposed rule, including all material
proposed to be incorporated by reference, shall be available for
inspection and copying by the public at the time of the
publication of notice. After December 31, 2021, material
proposed to be incorporated by reference in the notice required
by this paragraph shall be made available in the manner
prescribed by sub-subparagraph (1)(i)3.a. or (1)(i)3.b.

3. The notice shall be mailed to all persons named in the
proposed rule and to all persons who, at least 14 days prior to
such mailing, have made requests of the agency for advance
notice of its proceedings. The agency shall also give such
notice as is prescribed by rule to those particular classes of
persons to whom the intended action is directed.
4. The adopting agency shall file with the committee, at least 21 days prior to the proposed adoption date, a copy of each rule it proposes to adopt; a copy of any material incorporated by reference in the rule; a detailed written statement of the facts and circumstances justifying the proposed rule; a copy of any statement of estimated regulatory costs that has been prepared pursuant to s. 120.541; a statement of the extent to which the proposed rule relates to federal standards or rules on the same subject; and the notice required by subparagraph 1.

5. If any of the information, exclusive of substantive changes to the rule text, that is required to be included in the notice required by subparagraph 1. is omitted or is incorrect, the agency shall publish a notice of correction. A notice of correction shall not affect the timeframes for filing the rule for adoption set forth in paragraph (e). Grammatical and citation corrections are not required to be published as a notice of correction.

(b) Special matters to be considered in rule adoption.—

1. Statement of estimated regulatory costs.—Before the adoption, amendment, or repeal of any rule other than an emergency rule, an agency is encouraged to prepare a statement of estimated regulatory costs of the proposed rule, as provided by s. 120.541. However, an agency must prepare a statement of estimated regulatory costs of the proposed rule, as provided by s. 120.541, if:
   a. The proposed rule will have an adverse impact on small business; or
   b. The proposed rule is likely to directly or indirectly increase regulatory costs in excess of $200,000 in the aggregate in this state within 1 year after the implementation of the rule.

2. Small businesses, small counties, and small cities.—
a. Each agency, before the adoption, amendment, or repeal of a rule, shall consider the impact of the rule on small businesses as defined by s. 288.703 and the impact of the rule on small counties or small cities as defined by s. 120.52. Whenever practicable, an agency shall tier its rules to reduce disproportionate impacts on small businesses, small counties, or small cities to avoid regulating small businesses, small counties, or small cities that do not contribute significantly to the problem the rule is designed to address. An agency may define “small business” to include businesses employing more than 200 persons, may define “small county” to include those with populations of more than 75,000, and may define “small city” to include those with populations of more than 10,000, if it finds that such a definition is necessary to adapt a rule to the needs and problems of small businesses, small counties, or small cities. The agency shall consider each of the following methods for reducing the impact of the proposed rule on small businesses, small counties, and small cities, or any combination of these entities:

   (I) Establishing less stringent compliance or reporting requirements in the rule.

   (II) Establishing less stringent schedules or deadlines in the rule for compliance or reporting requirements.

   (III) Consolidating or simplifying the rule’s compliance or reporting requirements.

   (IV) Establishing performance standards or best management practices to replace design or operational standards in the rule.

   (V) Exempting small businesses, small counties, or small cities from any or all requirements of the rule.

b.(I) If the agency determines that the proposed action will affect small businesses as defined by the agency as
provided in sub-subparagraph a., the agency shall send written notice of the rule to the rules ombudsman in the Executive Office of the Governor at least 28 days before the intended action.

(II) Each agency shall adopt those regulatory alternatives offered by the rules ombudsman in the Executive Office of the Governor and provided to the agency no later than 21 days after the rules ombudsman’s receipt of the written notice of the rule which it finds are feasible and consistent with the stated objectives of the proposed rule and which would reduce the impact on small businesses. When regulatory alternatives are offered by the rules ombudsman in the Executive Office of the Governor, the 90-day period for filing the rule in subparagraph (e)2. is extended for a period of 21 days. The agency shall provide a copy of any regulatory alternative offered to the agency to the committee prior to filing the rule for adoption.

(III) If an agency does not adopt all alternatives offered pursuant to this sub-subparagraph, it shall, before rule adoption or amendment and pursuant to subparagraph (d)1., file a detailed written statement with the committee explaining the reasons for failure to adopt such alternatives. Within 3 working days after the filing of such notice, the agency shall send a copy of such notice to the rules ombudsman in the Executive Office of the Governor.

(c) No change.

(d) Modification or withdrawal of proposed rules.—

1. After the final public hearing on the proposed rule, or after the time for requesting a hearing has expired, if the rule has not been changed from the rule as previously filed with the committee, or contains only technical changes, the adopting agency shall file a notice to that effect with the committee at least 7 days prior to filing the rule for adoption. Any change,
other than a technical change that does not affect the substance of the rule, must be supported by the record of public hearings held on the rule, must be in response to written material submitted to the agency within 21 days after the date of publication of the notice of intended agency action or submitted to the agency between the date of publication of the notice and the end of the final public hearing, or must be in response to a proposed objection by the committee. In addition, when any change is made in the proposed rule, other than a technical change, the adopting agency shall provide a copy of a notice of change by certified mail, email, or actual delivery to any person who requests it in writing no later than 21 days after the notice required in paragraph (a). The agency shall file the notice of change with the committee, along with the reasons for the change, and provide the notice of change to persons requesting it, at least 21 days prior to filing the rule for adoption. The notice of change shall be published in the Florida Administrative Register at least 21 days prior to filing the rule for adoption. This subparagraph does not apply to emergency rules adopted pursuant to subsection (4). After December 31, 2021, material proposed to be incorporated by reference in the notice required by this paragraph shall be made available in the manner prescribed by sub-subparagraph (1)(i)3.a. or (1)(i)3.b.

2. After the notice required by paragraph (a) and prior to adoption, the agency may withdraw the rule in whole or in part.

3. After adoption and before the rule becomes effective, a rule may be modified or withdrawn only in the following circumstances:
   a. When the committee objects to the rule;
   b. When a final order, which is not subject to further appeal, is entered in a rule challenge brought pursuant to s.
120.56 after the date of adoption but before the rule becomes effective pursuant to subparagraph (e)6.;

c. If the rule requires ratification, when more than 90 days have passed since the rule was filed for adoption without the Legislature ratifying the rule, in which case the rule may be withdrawn but may not be modified; or
d. When the committee notifies the agency that an objection to the rule is being considered, in which case the rule may be modified to extend the effective date by not more than 60 days.

4. The agency shall give notice of its decision to withdraw or modify a rule in the first available issue of the publication in which the original notice of rulemaking was published, shall notify those persons described in subparagraph (a)3. in accordance with the requirements of that subparagraph, and shall notify the Department of State if the rule is required to be filed with the Department of State.

5. After a rule has become effective, it may be repealed or amended only through the rulemaking procedures specified in this chapter.

(e) Filing for final adoption; effective date.—

1. If the adopting agency is required to publish its rules in the Florida Administrative Code, the agency, upon approval of the agency head, shall file with the Department of State three certified copies of the rule it proposes to adopt; one copy of any material incorporated by reference in the rule, certified by the agency; a summary of the rule; a summary of any hearings held on the rule; and a detailed written statement of the facts and circumstances justifying the rule. Agencies not required to publish their rules in the Florida Administrative Code shall file one certified copy of the proposed rule, and the other material required by this subparagraph, in the office of the agency head, and such rules shall be open to the public.
2. A rule may not be filed for adoption less than 28 days or more than 90 days after the notice required by paragraph (a), until 21 days after the notice of change required by paragraph (d), until 14 days after the final public hearing, until 21 days after a statement of estimated regulatory costs required under s. 120.541 has been provided to all persons who submitted a lower cost regulatory alternative and made available to the public, or until the administrative law judge has rendered a decision under s. 120.56(2), whichever applies. When a required notice of change is published prior to the expiration of the time to file the rule for adoption, the period during which a rule must be filed for adoption is extended to 45 days after the date of publication. If notice of a public hearing is published prior to the expiration of the time to file the rule for adoption, the period during which a rule must be filed for adoption is extended to 45 days after adjournment of the final hearing on the rule, 21 days after receipt of all material authorized to be submitted at the hearing, or 21 days after receipt of the transcript, if one is made, whichever is latest. The term “public hearing” includes any public meeting held by any agency at which the rule is considered. If a petition for an administrative determination under s. 120.56(2) is filed, the period during which a rule must be filed for adoption is extended to 60 days after the administrative law judge files the final order with the clerk or until 60 days after subsequent judicial review is complete.

3. At the time a rule is filed, the agency shall certify that the time limitations prescribed by this paragraph have been complied with, that all statutory rulemaking requirements have been met, and that there is no administrative determination pending on the rule.
4. At the time a rule is filed, the committee shall certify whether the agency has responded in writing to all material and timely written comments or written inquiries made on behalf of the committee. The department shall reject any rule that is not filed within the prescribed time limits; that does not comply with all statutory rulemaking requirements and rules of the department; upon which an agency has not responded in writing to all material and timely written inquiries or written comments; upon which an administrative determination is pending; or which does not include a statement of estimated regulatory costs, if required.

5. If a rule has not been adopted within the time limits imposed by this paragraph or has not been adopted in compliance with all statutory rulemaking requirements, the agency proposing the rule shall withdraw the rule and give notice of its action in the next available issue of the Florida Administrative Register. If, 30 days after notice by the committee, the agency has not given notice of the withdrawal of the rule, the committee shall notify the department that the date for adoption of the rule has expired, and the department shall publish a notice of withdrawal of the proposed rule.

6. The proposed rule shall be adopted on being filed with the Department of State and become effective 20 days after being filed, on a later date specified in the notice required by subparagraph (a)1., on a date required by statute, or upon ratification by the Legislature pursuant to s. 120.541(3). Rules not required to be filed with the Department of State shall become effective when adopted by the agency head, on a later date specified by rule or statute, or upon ratification by the Legislature pursuant to s. 120.541(3). If the committee notifies an agency that an objection to a rule is being considered, or that additional time is required for review by the committee,
the agency or the committee may postpone the adoption of the rule to accommodate review of the rule by the committee. When an agency postpones the adoption of a rule is postponed to accommodate review by the committee, the 90-day period for filing the rule is tolled until the committee notifies the agency that it has completed its review of the rule.

For the purposes of this paragraph, the term “administrative determination” does not include subsequent judicial review.

(4) EMERGENCY RULES.—

(a) and (b) No change.

(c) Unless otherwise provided by law, an emergency rule adopted under this subsection shall not be effective for a period longer than 90 days and shall not be renewable, except when the agency has initiated rulemaking to adopt rules addressing the subject of the emergency rule and either:

1. A challenge to the proposed rules has been filed and remains pending; or

2. The proposed rules are awaiting ratification by the Legislature pursuant to s. 120.541(3).

(d) (c) Notice of the renewal of an emergency rule shall be published in the Florida Administrative Register prior to the expiration of the existing emergency rule. The notice of renewal shall state the specific facts and reasons for the renewal.

(e) (d) For emergency rules with an effective period greater than 90 days that are intended to replace existing rules, a note shall be added to the history note of the existing rule specifically identifying the emergency rule that is intended to supersede the existing rule and shall include the date the emergency rule was filed with the Department of State.
(f) Emergency rules shall be published in the Florida Administrative Code.

(g) An agency may supersede an emergency rule in effect by adopting another emergency rule. The reason for the new rule shall be stated in accordance with the procedures set forth in paragraph (4)(a), and the new rule shall be subject to the effective period of the superseded rule.

(h) Technical changes to an emergency rule may be made within the first 7 days after adoption of the rule and shall be published in the Florida Administrative Register.

Nothing in this paragraph prohibits the agency from adopting a rule or rules identical to the emergency rule through the rulemaking procedures specified in subsection (3).

(i) Subject to applicable constitutional and statutory provisions, an emergency rule becomes effective immediately on filing, or on a date less than 20 days thereafter if specified in the rule, if the adopting agency finds that such effective date is necessary because of immediate danger to the public health, safety, or welfare.

(5) No change.

(6) No change.

(7) PETITION TO INITIATE RULEMAKING.—

(a) Any person regulated by an agency or having substantial interest in an agency rule may petition an agency to adopt, amend, or repeal a rule or to provide the minimum public information required by this chapter. The petition shall specify the proposed rule and action requested. The agency shall provide a copy of the petition to the committee. Not later than 30 calendar days following the date of filing a petition, the agency shall initiate rulemaking proceedings under this chapter,
otherwise comply with the requested action, or deny the petition
with a written statement of its reasons for the denial.

(b) through (d) No change.

Section 3: Paragraph (a) of Subsection 120.541(1), F.S.,
is amended to read:

120.541 Statement of estimated regulatory costs.—
(1)(a) Within 21 days after publication of the notice
required under s. 120.54(3)(a), a substantially affected person
may submit to an agency a good faith written proposal for a
lower cost regulatory alternative to a proposed rule which
substantially accomplishes the objectives of the law being
implemented. The agency shall provide a copy of any proposal for
a lower cost regulatory alternative to the committee prior to
filing the rule for adoption. The proposal may include the
alternative of not adopting any rule if the proposal explains
how the lower costs and objectives of the law will be achieved
by not adopting any rule. If such a proposal is submitted, the
90-day period for filing the rule is extended 21 days. Upon the
submission of the lower cost regulatory alternative, the agency
shall prepare a statement of estimated regulatory costs as
provided in subsection (2), or shall revise its prior statement
of estimated regulatory costs, and either adopt the alternative
or provide a statement of the reasons for rejecting the
alternative in favor of the proposed rule.

Section 4: Section 120.5435, Florida Statutes, is created
to read:

120.5435 Repromulgation of rules.—
(1) It is the intent of the Legislature that each agency
shall periodically review its rules for consistency with the
powers and duties granted by its enabling statutes. If an
agency determines after review that substantive changes to amend
a rule are not required, the agency shall repromulgate the rule
to reflect the date of the review. All rules adopted or
repromulgated after July 1, 2021, shall be reviewed within 5
years from the date of adoption or repromulgation. Each agency
shall review its existing rules pursuant to this section within
5 years following the effective date of this act.

(2) Before repromulgating a rule, an agency shall, upon
approval by the agency head:

(a) Publish a notice of repromulgation in the Florida
Administrative Register. A notice of repromulgation is not
required to include the text of the rule being promulgated.

(b) File the rule for repromulgation with the Department of
State. A rule may not be filed for repromulgation less than 28
days or more than 90 days after the publication of the notice
required by paragraph (a).

(3)(a) The agency shall file a notice with the committee at
least 14 days before filing the rule for repromulgation with the
department.

(b) The committee shall certify whether the agency has
responded in writing to all material and timely written comments
or written inquiries made on behalf of the committee.

(4) If the rule is not filed for repromulgation within the
time limits imposed by paragraph (2)(b), the agency shall
withdraw the rule for repromulgation and give notice of the
withdrawal in the next available issue of the Florida
Administrative Register.

(5) A repromulgated rule shall not be subject to challenge
as a proposed rule pursuant to s. 120.56(2).

(6) The hearing requirements of s. 120.54 shall not apply
to repromulgation of a rule.

(7) The agency, upon approval of the agency head or his or
her designee, shall file with the department three certified
copies of the rule it proposes to repromulgate and one certified
copy of any material incorporated by reference in the rule.

(8) The rule shall be repromulgated upon filing with the
department.

(9) The department shall update the history note of the
rule in the Florida Administrative Code to reflect the effective
date of the repromulgated rule.

(10) The department shall adopt rules to implement this
section by December 31, 2021.

Section 5: Subsection 120.55(1), F.S., is amended to read:

contained in the code, and any other material required or
authorized by law or deemed useful by the department. The

The department may not allow hyperlinks from rules in the Florida Administrative Code to any material other than that filed with and maintained by the department, but may allow hyperlinks to incorporated material maintained by the department from the adopting agency’s website or other sites.

6. The department shall include the date of any technical changes in the history note of the rule in the Florida Administrative Code. A technical change does not affect the effective date of the rule. A technical change made after the adoption of a rule must be published as a notice of correction.

(b) Electronically publish on a website managed by the department a continuous revision and publication entitled the “Florida Administrative Register,” which shall serve as the official publication and must contain:

(d) and (e) No change.

Section 6: Subsection (1) of Section 120.74 is amended to read:

(1) REGULATORY PLAN.—By October 1 of each year, each agency shall prepare a regulatory plan.

(a) The plan must include a listing of each law enacted or amended during the previous 12 months which creates or modifies the duties or authority of the agency. If the Governor or the Attorney General provides a letter to the committee stating that a law affects all or most agencies, the agency may exclude the law from its plan. For each law listed by an agency under this paragraph, the plan must state:
1. Whether the agency must adopt rules to implement the law.

2. If rulemaking is necessary to implement the law:
   a. Whether a notice of rule development has been published and, if so, the citation to such notice in the Florida Administrative Register.
   b. The date by which the agency expects to publish the notice of proposed rule under s. 120.54(3)(a).

      2. A 5-year schedule for the review and repromulgation of all rules existing as of July 1, 2021.
   (c) and (d) No change; renumber as (e) and (f).
   (g) Beginning October 1, 2021, and every year thereafter, each agency shall provide the committee and the Division of Law Revision a list of all statutes and laws, or parts thereof, which grant duplicative, redundant, or unused rulemaking authority, as defined in s. 11.242(5)(j), and a recommendation as to what statutes, laws, or parts thereof, should be repealed.
