NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule published in Vol. 41, No. 233, December 3, 2015 issue of the Florida Administrative Register.

As to all rules: The notice of rule development was published on February 11, 2015.

As to only Rule 64J-1.012, F.A.C.: Because most of the existing rule is being stricken, the remaining text should have been numbered as follows:

(1) Examination Requirements: The Florida EMT certification examination is the National Registry of Emergency Medical Technicians (NREMT) EMT certification examination.

(2) Effective January 1, 2016, the Florida paramedic certification examination is the National Registry of Emergency Medical Technicians (NREMT) Paramedic assessment examination. Effective January 1, 2017 the Florida paramedic certification examination will be NREMT certification examination. The Florida developed paramedic examination will not be administered after January 1, 2016, regardless of whether a candidate is sitting for the certification exam for the first time, sitting for reexamination after one or more failures, or for any other purpose

(3) The pass-fail results for the NREMT EMT and Paramedic certification examinations are determined and provided to the examinee by the NREMT.
